

## EZ Up<sup>®</sup> Pneumatic Lift Table

**Bishamon EZU Series Pneumatic Lift Tables are the convenient way to use air to raise, lower, and position a load. Using air instead of electrically driven hydraulics reduces maintenance and eliminates the risk of sparks in applications where sparks can be hazardous.**

### Standard Features

- Firestone Airstroke Actuator™ raises and lowers the platform to vertically position the load to the desired height
- Hand or foot control standard
- Durable powder coated finish
- Heavy-duty structural steel construction with rugged base frame
- Entrapped rollers for added stability
- Hinged maintenance bars
- Rotating models feature a secured center pivot with ball bearing that provides smooth, even rotation
- High quality 3 position hand lever controls allows easy operation
- Clean design with minimum of maintenance needed
- Easily relocated with fork lift

**Selector Table For EZU Series**

Model	Travel (in)	Capacity (lbs)		Height (in)		Standard Platform (in)	Shipping Weight (lbs)	Price
		@ 90 PSI	@ 100 PSI	Lowered	Raised
